

# Washington State Elections Weekly

November 20, 2013

## Election Certification

Congratulations on another successful election cycle! As you get ready for certification, please consult our [checklist](#) for finalizing the General Election. Remember to trigger your global update to send voted dates to the VRDB by **November 27**. And, don't forget to send [ctsupport@sos.wa.gov](mailto:ctsupport@sos.wa.gov) your certification documents before you go home for the holidays!

## Election Results Page

If you receive calls wondering why write-ins do not display on your results page, you may want to consider adding text to the top of your page to explain this. See [Island County's page](#) for an example. We're working toward a longer term solution and exploring options for including the total number of write-ins on our results page. Stay tuned.

If you want to add some text on your page, it should be generic and static to avoid changing it each election.

## VRDB

### Transfers

You can begin processing transfers on VRDB on Monday, December 2.

### User Group Conference Calls

- The VRDB/Votec [user group conference call](#) is this Thursday at 10 a.m.
- The VRDB/DFM [user group conference call](#) is this Thursday at 2 p.m.
