Proposition No. 1

Submitted by City of Pasco
Bonds to Renovate and Construct Aquatic Facilities

The City Council of the City of Pasco, Washington, passed Ordinance No. 3863, concerning a proposition to finance renovation and construction of aquatic facilities. This proposition would authorize the City to renovate the existing Memorial Pool located East of Highway 395 and acquire, construct and equip a new outdoor aquatic facility to be located West of Highway 395 (including zero depth leisure pool, bath house, slide and other water play features); issue no more than \$5,000,000 of general obligation bonds maturing within 20 years; and levy annual excess property taxes to repay the bonds, all as provided in Ordinance No. 3863. Should this proposition be:

Approved
 Rejected

Statement in favor

After years of study, much debate, and many people saying they would like an aquatic center in the Tri-Cities, Pasco will ask its voters to decide what they want Pasco to build.

The Pasco pools bond will renovate the 60-year-old Memorial Pool and build an outdoor aquatic center near TRAC. As Pasco has grown, our pools have become overcrowded and currently there is no pool facility between Road 38 and Road 100.

The Memorial Pool renovations will include a new bath house, structure changes to allow diving from higher levels, mechanical upgrades, and the addition of play features.

The new outdoor aquatic center near TRAC will include a six-lane, 25-yard lap pool, water slide, lazy river, and zero-depth entry pool. For the first phase, Pasco decided not to cover the pool, leaving open the possibility of enlarging the facility to resemble the regional aquatic facility that has been discussed in the Tri-Cities.

Please vote YES and return your ballot before August 19.

Explanatory Statement

This proposition would finance half of the estimated \$10 million project to renovate memorial swimming pool and construct a new outdoor water park (including leisure pool, slide, lazy river, play features) in western Pasco, near I-182.

\$5 million in bonds would be repaid over twenty years by an additional tax levy on real property. The first year (2010) tax rate would be less than 13-cents/\$1,000 valuation. The cost for a home valued at \$150,000 for tax purposes would be \$19 per year.

Rebuttal of statement in opposition

This proposed pool bond is the best, affordable choice for voters this summer. Pasco parks and Recreation and regional swimming committees have studied the options. The other cities are not ready to build, expand, or eventually enclose a new aquatic center. With your YES vote, Pasco is ready to take this first step, while having flexible choices for the future.

Statement in opposition

We ask you the taxpayer to vote no on Proposition 1. It denies you the freedom of choice of pools. We need a public indoor year round pool. Tell them to return a proposition with choices the next election. Vote no! Indoor or outdoor, it's your money, your choice.

The Pool Committee in their report to Council dated 3/31/08 presented three different options. The two options not offered to you are for the indoor pool, have the same \$5 million City bond, Memorial Pool renovation, but two different funding choices.

Pasco taxpayers need the facts. The pools are approximately 50 years old and do not meet codes. In our rapidly growing city, the needs for increased police and fire protection; additional schools, water and sewer treatment plants will push the want for an enclosed pool to the bottom of the priority list. We need the choice of an indoor pool now.

Vote No! Indoor or outdoor, it's your money, your choice.

Rebuttal of statement in favor

Taxpayers, the only choice entrusted to you is a summer-use outdoor aquatic center financed with your property tax dollars. Their choice is outdoors only. Our option for an indoor pool allows for school physical education classes as well as year-round general use. "Pasco Pride" means that for a few more dollars a year we could build a year-round aquatic center now. Vote No!
