Mason County Clerk

1-year unexpired term

Ginger Brooks

(Prefers Democratic Party)

Elected Experience: I served as a PCO for the Democratic Party

Other Professional Experience: I worked for Sprouse Reitz Company for 16 years, seven as manager for the Tumwater store.

Education: I graduated from Shelton High School and have taken college classes at Olympic Collage as well as training at the Administrator for the Courts Office in Olympia

Community Service: I am a member of Faith Lutheran Church and serve on the board for the Karen Hilburn Breast and Cervical Cancer Fund. I have been a hospital volunteer and served as president for the Hospital Auxiliary.

Statement: It has been an honor and a privilege to serve the citizens of Mason County as the Interim Clerk. My 26 years in the office and my experience in the private sector make me uniquely qualified for the position. As Clerk I will continue to keep the needs of the those I serve a top priority while striving to maintain the standards set forth by the State of Washington.

City of Shelton

Commissioner of Streets and Public Improvement

Kathy McDowell

I feel strongly about the future of Shelton. When our city is safe and healthy then our citizens are proud of Shelton.

If I am elected I pledge to do all that I possibly can do to make this city a great place to live.

I pledge to defend the Police Department and help prevent any budget cuts and also defend the Fire Department in the same way.

I will work on the improvements to our city streets. I also will work with the city and citizens of Shelton to encourage them to take pride in their yards and the exterior of their homes. I feel that a tidy yard and a clean exterior shows pride in their city. If we keep our properties clean and neat then maybe we can attract new business and new home building within the city of Shelton. It is then a win win for all concerned.

Community Service: Shelton Creek Trail Development Crew United Way Day of Caring Planning Committee SAVER Committee Washington State Certified Local Government Task Force McReavy House Board City of Shelton Historic Preservation Board Friends of the Shelton Gymnasium City of Shelton Plan Implementation Committee City of Shelton Plan Advisory Board

Statement: Reframing our community identity is the most important thing we can do to attract sustainable new business and positive growth in our city. We have many positive attributes given our location, unique history, and existing commercial buildings.

As we protect and improve our historic downtown we can attract tourism, residential, and business investment, through renovation and reuse of our historic buildings. We should encourage positive growth throughout the city by promoting stability through identification, and active recruitment of successful business and industry that will enhance the quality of life in our community.

Public safety should always be a major priority in our city. Our citizens should remain confident our police and fire fighters have the best equipment and training available, and are fully supported by our ordinances and our community leaders.

There are ongoing infrastructure improvement projects and more improvements scheduled. These are long overdue, and of obvious benefit to our city. We need to aggressively pursue partnerships and secure grant funding to assure all these projects are completed. We need to proactively look at comparable cities to find models of how tax dollars are more efficiently used for maintenance and upgrades to infrastructure.

Statement: I am seeking re-election as your Fire Commissioner in continued support of open government, fiscal accountability and responsible oversight of our district.

I will continue to insist that board decisions are made in full public view to insure public trust and accountability.

I will continue to ask hard questions when necessary, challenge what is wrong and defend what is right.

I will continually work to balance the needs and desires of the Fire Department with those of the district's taxpayers and their willingness to fund such needs.

I support a well-staffed and trained EMS and Fire Service that meets the district's public safety needs. To this effect, I will encourage recruitment and training of additional volunteers to meet the needs of our community and encourage and support interaction with our fellow Mason County fire districts.

I support reaching community consensus on issues whenever possible.

I am a strong believer in open communication between the public and their commissioners.

My family has owned property in Mason County since 1968. My wife and I have lived on Stretch Island since 2007. We have two grown, married children and a grandson.

I would appreciate your vote. Thank you.

Statement: The mission of Grapeview's Fire Department is to protect the lives and property of the people of Grapeview... A Fire Commissioner's duty is to honor and promote that mission. My career has been dedicated to the pursuit of human life safety in the built environment, including the safety of emergency responders. Like the dedicated citizens who created District 3 back in 1949, I firmly believe that the Grapeview community needs and deserves a strong, local fire district with a clear mission of protecting the lives and property of the people. We've seen neighboring fire districts neglect to follow the wishes of their voters. Fire Commissioners must be dedicated to pursuing what is right for the District, and represent the needs and wishes of the voters of the entire community. Let's keep Grapeview's Fire District 3 strong and independent so we can fulfill the mission to protect lives and property of the Grapeview community.

Richard Knight

Elected Experience: No information submitted

Other Professional Experience: I served 58 years in the fire service including 21 years as the volunteer Chief and 34 years as the paid Chief of Fire District 5.

Education: AA Degree from Olympic College and numerous professional conferences and seminars including extensive training at the National Fire Academy and the Emergency Management Institute.

Community Service: Chief of Fire District 5, Founding member and continued membership Allyn Community Association. Seven years Allyn Urban Growth Area Planning Committee. Many years as an active member of the Mason County EMS Council and the Fire Chiefs Association and other State and local professional associations.

Statement:

Times are tough and tough times call for strong leadership. My many years of experience in the fire service and leading District 5 have given me a deep understanding of what is necessary to provide the best possible service to you the citizens within the revenue available to the District. My number one priority will be to see the District operate on a sound financial footing with strong budget and spending controls. This must include responsible oversight by the Board of Commissioners. I will work hard to establish realistic equipment replacement plans to assure our Firefighters and Emergency Medical Service personnel continue to have what they need to do their jobs safely and effectively. In addition to sound financial operations and reliable equipment the District must make every effort to build up a strong volunteer program to serve the citizens of the District. I would appreciate your vote.

Port Commissioner District No. 3

Lowell Mahugh

I am running for the office of Port Commissioner because I believe our port needs commissioners that are able to make decisions based on state laws and the needs of the people they represent. I have been encouraged to run by many district voters. If elected, I will strive to continue with the plans the community has identified as priority items for this port district.

I will be open minded and listen to the ideas expressed to the commissioners. Accountability is and always has been a major issue with me.

I have been a volunteer for more than thirty years. I have held Chairman and Officer Positions in school, church, youth organizations, Lions Club and South Kitsap Fire District 7.

I was employed for more than thirty-four years by the federal government. I first completed a four-year trade school and then went into Quality Assurance Nuclear Inspection. I was promoted to management and held that position for more than twenty-five years. My wife, Jule Ann, and I have owned property and lived on Treasure Island since 1986.

Election Experience: Port of Shelton Commission, 2007

Other Professional Experience: 27 years in economic and business development work including The Economic Development Council of Mason County; Washington State Rural Development Council; Columbia Pacific Economic Development District; private business development consulting; University of Alaska instructing in Business Administration; Retired Naval Aviator.

Education: Master of Business Administration, Pepperdine University; U.S. Naval War College, graduate; Bachelor of Arts, Brigham Young University.

Community Service: Washington Public Ports Association Board of Trustees; Economic Development Council of Mason County Board of Directors; Mason County Planning Advisory Commission, former member.

Statement: Since Navy retirement, my efforts have been focused on community betterment through business and economic development with the objective of creating an improved Mason County job base. Since ports exist in Washington State to facilitate business development, jobs are an expected result. Specific accomplishments at the Port of Shelton since my election would include, bringing City water to the Johns Prairie Industrial site, construction of new hangars at Sanderson Field and extensive improvements at the Oakland Bay Marina. Today there are nearly as many businesses and employees on Port property as there were before the recession and we are experiencing a healthy growth trend.

Considering community issues, I am committed to solving the fairgrounds location problem and preserving community tranquility by reducing night time helicopter noise. The fairgrounds facility is a vital community asset that directly contributes to youth development and generates tourism dollars. While strongly supporting military aviation training needs, I also know they can be balanced with community needs.

With your support, I will be able to continue work on all of these issues for the next four years.

Thank you,

Jay Hupp

Elected Experience: Mason County Prescient Committee Officer - Kamilche; Former Planning Commissioner - City of Cheney, WA; School Finance VP - ASEWU

Other Professional Experience: OSPI Application Development Supervisor; National Center for Education Statistics - 2013 Conference Presenter;

Washington State School Directors Association training(s); Leadership Spokane class of 2008;

Board member of local children's charity: Survive the Night - benefiting children in emergency foster care situations;

Education: Bachelor's of Science in Computer Science, Minors in Mathematics & Physics; Currently pursuing Master's Degree in Public Administration, TESC;

Community Service: Adopt-a-highway litter cleanup: HWY 101. Several local area service projects through our Church. Comprehensive Plan re-write committee - Cheney, WA

Statement: Education is my full time job. I currently oversee IT operations in K-12 education at the Office of Superintendent of Public Instruction (OSPI). This supervisory position requires me to stay current on trends and changes in education, and to support data-driven policy at both state and local levels. I have a strong desire to strengthen teaching and learning, and to contribute towards student and school success. I bring a contemporary perspective to this board, and I am a roll-up-my-sleeves type of leader. I prefer to be proactive instead of reactive, and I think long-term.

When people say "He works", they really mean it! Shelton SD has some major challenges in the coming years. Voters will face a Levy renewal in early 2014, and a potential construction bond following. Teachers are being tasked with implementing a new instructional framework for evaluation (Marzano/TPEP), adoption of new standards for teaching and learning (Common Core), and a potential re-districting move. As a servant leader and steward of our schools, I commit to approach these and other challenges with humility, to seek consensus and collaboration with district staff and the community, and ultimately maintaining the goal to provide our children the highest quality education available.

Leadership, Experience, and Commitment are three of the components that make a good school director

My leadership ability has been demonstrated over many years of community service, as my biography shows. Some of our accomplishments over the last four years of my term are: 1. We managed a balanced budget, even with uncertain revenue funding from our federal and state funding sources. 2. A demonstrated priority in early learning, implementing both all day kindergarten and pre-school programs. 3. Implement a one to one technology program with our middle school students.

My experience for this position includes serving on the Pioneer School Board for 12 years, including 2 years as president, and legislative representative for 6 years. I have been President of the Pioneer Schools Foundation, chair of the Pioneer Citizens for Education, and currently serve on the Washington State School Directors State Legislative Committee.

My commitment to the students, parents, and citizens of the community has been demonstrated by my participation in local and state activities over the past fourteen years. I will continue to make decisions to insure we are providing a safe learning environment that challenges our students to academically excel.

Ginny Beech

My name is Virginia Beech and I am running for the Pioneer School Board. I am retired, a small business owner, Clown Extraordinaire, and have been a resident of Mason County for about 6 years. I worked at Nalley's Fine Foods in management, Customer Service and the Administration Dept. I among my responsibilities was the managing budgets. The skills I learned in those positions will contribute to being a successful school board member.

I am running for the school board for a lot of reasons but mainly because I believe that our future depends on well educated kids. If we want to remain a strong world leader, we must have young people prepared who can lead. Education is crucial in that outcome.

I will work very hard to find solutions to problems. I want ensure our school system is sustainable. I will communicate to the public what the issues are. How can we as a community, ensure the best education for our children with the money available? I will focus on maximizing the dollars we have invested for the greatest outcome. We may have to make some difficult decisions to make in the future.

Dinah Lee Griffey

Elected Experience: I was elected as the PTSA President at Pioneer and Evergreen Elementary schools and I served as the founding PTSO President at Hawkins Middle School.

Other Professional Experience: Real Estate Agent/ Managing Broker with Windermere.

Education: Beyond obtaining my Real Estate license and then Managing Brokers License, I have taken additional courses to benefit my clients and give me more insight on how to better serve them.

Community Service: I love serving my community and I am actively involved in a multitude of organizations. I don't believe in complaining; I believe in jumping in a making a difference.

Statement: I want to be your local School Director in North Mason because I believe in the success of our students. It is not a hope or a dream, it is a mission. We have to work together as a community to reach our goals and all voices need to be heard.

Statement: I am a Skokomish Tribal member and I have been living on the Skokomish Reservation since 2006. I have an Associate's Degree in Health Information Management, and I work for the Skokomish Tribe as a Health Business Office Manager. Since 2011, I have served as a School Board Director for Hood Canal School District #2 and I am committed to the quality education for all students.

In recent years, the District has experienced many changes including declining enrollment. Through teamwork, fiscal responsibility and a shift in our management staff, our District is committed to ensuring that all students become critical thinkers, lifelong learners and valuable members of our community. Hood Canal School District is prepared for the continuous challenge of offering our students the best education possible with the resources available. It is important that we have a strong board to facilitate life's transitions and guarantee continued success in the positive direction the district staff has worked so hard to create. I hope to continue my service to the community as a member of the Board, dedicated to providing the highest possible educational experience for each of our students.

Community Service: Vice-President, Hood Canal Education Foundation; Chair, Cancer Advisory Board; President, League of Women Voters Mason County

Statement: I was born in Mason County and after a career outside the area, I returned and have since worked as a community volunteer. I have been on the Hood Canal School Board since 2010 and am the Vice-President of the Hood Canal Education Foundation. It has been a rich and rewarding experience to give back to the community by helping devise plans and refine processes to improve student achievement. It has been exciting working with the current School Board, which has a synergy that works well with the fresh ideas from the school staff. I believe every child can learn and we must ensure all children have equal access to a quality education including life skills that prepare them for higher education and/or meaningful employment. I look forward to continuing the progress with the Hood Canal School Board team.

Maggie Lake Water District Water Commissioner Position No. 1

6-year short and full term

Conrad Dodd

After serving almost a year, as an appointed Water Commissioner, I feel I have a good understanding of the job and can meet the expectations of the Maggie Lake Water District. I would like the opportunity to serve a full term. My past experience includes management positions with the Washington State Patrol and with Mason County Fire Protection District #8, Tahuya, Wa.
